The 20% Share Commission Guide

Plain-language guide to digital product margin 20% to 25% · Worked examples · Canonical English

EDITION: EN · PAYOUTS PAUSED (PAYOUTS_ENABLED: FALSE)

PREPARED FOR THE ELDERS AND CONGREGATION

A GIFT FROM 508 MINISTRY

508 MINISTRY PARTNER COMMISSION GUIDE (ENGLISH) · 4-MINUTE PLAIN-LANGUAGE GUIDE

How Your Church Earns from Shared Digital Gifts

Nobody should sign up to earn and then wonder how the math works. This four-minute guide explains what the 20% default share (configurable 20% to 25% per partner, with Revealed Gospel Ministries #508-265-778 configured at 25%) is calculated on, how hop links track every visit for 90 days, what counts, and two real monthly examples from our live configuration.

Canonical English Reference Guide | Live Payouts Currently Paused

This English edition is the governing reference for all partner commission calculations and terms. Every rate, attribution window, clearing window, and worked example below comes directly from the live 508 Ministry configuration. Live payouts remain paused (payouts_enabled: false) until written disbursement instructions are confirmed with your approving elders, so no money is moving yet while every click and qualifying order is recorded live.

1. What Your 20% Share Is Calculated On

Under our live configuration, the default partner share is 20% of 508 Ministry's net product margin on optional digital goods, with an allowed partner range of 20% to 25%. Verified partner churches such as Revealed Gospel Ministries (Listing #508-265-778) are configured at 25%, and we never promise a rate outside the live configuration.

Digital goods include Living Library subscriptions, Living Books narrator packs, searchable sermon libraries, online worship room setups, and digital guides. On every completed digital sale, 20% covers payment processing and secure delivery infrastructure, leaving 80% as 508 Ministry's net digital product margin.

2. How a Hop Link Attributes a Sale

Every free digital Bible, comic, guide, church listing, and elder profile carries a signed hop link tied to your permanent 9-digit listing number. When someone taps that link on WhatsApp, Facebook, email, or your website, our server verifies its signature, logs the click, sets a 90-day attribution cookie (m508_hop), and opens the page.

If that visitor buys an optional 508 Ministry digital product within 90 days, our ledger matches the order to your 9-digit listing number and calculates your margin share automatically.

3. What Counts as a Sale and What Does Not

What counts: completed, paid, non-refunded purchases of optional 508 Ministry digital goods made by an adult visitor who arrived through your church's or elder's signed hop link within the attribution window.

What does NOT count: free digital gifts (the Digital Bible, comics, and guides are always free), donated physical items requested through the Goods Desk (printed Bibles, clothing, robes, stoles, or plaques), charitable pledges, cancelled or refunded orders, and test simulation rows.

4. How Your Share Is Calculated (Two Real Examples)

First, we subtract the 20% processing and delivery cost from the gross digital sale to get the 80% net digital margin. Second, we multiply that net margin by your configured rate (20% default, or 25% for a verified partner configured at the top tier).

Small Month example from config: 5 Living Library subscriptions at $12.95 and 2 Living Books VIP packs at $39.00 equal 7 orders and $142.75 gross, minus $28.55 processing and delivery, leaving $114.20 net digital margin. At 20% default, $114.20 x 20% = $22.84; at RGM Malawi's configured 25% rate, $114.20 x 25% = $28.55.

Good Month example from config: 20 Living Library subscriptions at $12.95, 8 Living Books VIP packs at $39.00, 4 Sermon Library setups at $39.00, and 1 Online Worship Room setup at $226.04 equal 33 orders and $953.04 gross, minus $190.61 processing and delivery, leaving $762.43 net digital margin. At 20% default, $762.43 x 20% = $152.49; at RGM Malawi's 25% rate, $762.43 x 25% = $190.61.

Worked Example 1: Small Month (Steady Weekly Sharing)

Digital Product (Live Config)	Orders	Gross Sales	Delivery & Fees (20%)	Net Digital Margin (80%)	Share at 20% Default	Share at 25% Partner
Living Library & Studio Audiobook Vault (Monthly Digital Access)	5	$64.75	$12.95	$51.80	$10.36	$12.95
Living Books VIP Digital Edition & Narrator Pack	2	$78.00	$15.60	$62.40	$12.48	$15.60
Monthly Total	**7**	**$142.75**	**$28.55**	**$114.20**	**$22.84**	**$28.55**

20% Default: $114.20 x 20% = $22.84 | **25% Partner (RGM #508-265-778):** $114.20 x 25% = $28.55

Worked Example 2: Good Month (Active Congregation & Elder Sharing)

Digital Product (Live Config)	Orders	Gross Sales	Delivery & Fees (20%)	Net Digital Margin (80%)	Share at 20% Default	Share at 25% Partner
Living Library & Studio Audiobook Vault (Monthly Digital Access)	20	$259.00	$51.80	$207.20	$41.44	$51.80
Living Books VIP Digital Edition & Narrator Pack	8	$312.00	$62.40	$249.60	$49.92	$62.40
Searchable Ministry Sermon Library Digital Setup	4	$156.00	$31.20	$124.80	$24.96	$31.20
Branded Private Online Worship Room Digital Setup	1	$226.04	$45.21	$180.83	$36.17	$45.21
Monthly Total	**33**	**$953.04**	**$190.61**	**$762.43**	**$152.49**	**$190.61**

20% Default: $762.43 x 20% = $152.49 | **25% Partner (RGM #508-265-778):** $762.43 x 25% = $190.61

5. Fairness in Plain Words

Nothing is owed until a qualifying digital sale is earned and cleared, and nothing is ever deducted silently. Your church sees every hop click, gross sale, delivery cost, and dollar of margin share row by row.

This share comes strictly from 508 Ministry's product margin on optional digital goods: it is never a payment for donated physical items and never a referral fee. Children under 18 stay in the Kid-Safe Area with zero email capture and zero commercial tracking.

6. When It Is Paid and Where You See It in Your Account

Where you see it: open your church account or live Partner Earnings page (/partner-churches/earnings/rgm-malawi/) under your 9-digit listing number to see total clicks, attributed purchases, your configured rate, pending balance, and every ledger row, with test rows kept separate.

When it is paid: standard settlement is monthly on the 15th after a 30-day clearing window once the cleared balance reaches $25.00 USD. Right now, live payouts remain paused (payouts_enabled: false) until written disbursement instructions are confirmed with your approving elders, so no money is moving yet while every click and order is recorded live.

Config values verified from live configuration: default_rate_pct=20%, allowed range=20% to 25%, RGM Malawi (#508-265-778) configured rate=25%, net digital margin basis=80%, attribution window=90 days, clearing window=30 days, minimum payout=$25.00 USD, schedule=monthly on the 15th, payouts_enabled: false.
