1. Identical 6-Part Deliverable List

1. **Full Showroom Church Website Rebuild:** Fast, mobile-ready pages built from your real church story, leadership, service times, outreach photography, preaching media, and direct contact channels, with self-hosted typography and zero third-party ad trackers.
2. **Verified 4-Tab Partner Listing & Unified Repository:** Your church details, elders grid, live and recorded radio episodes, bilingual PDF guides, and outreach campaigns organized together in one verifiable 508 Ministry repository.
3. **Individual Self-Editable Public Profiles for Every Elder & Leader:** Every named pastor, elder, and ministry leader receives their own public profile page with portrait, role, bio, church broadcasts, documents, and personal share link.
4. **Safe Pre-Switch Archive Backup & Private Staging Preview:** Before anything changes on your existing domain, we archive every publicly published page of your old website safely outside any public web folder and publish a private staging URL for your primary elder to inspect first.
5. **Encrypted Single-Church Domain & Hosting Handoff:** Your domain switches only when your primary elder approves the staging site. Registrar delegate access or guided DNS details are submitted solely through an encrypted single-church form, never by emailing passwords.

6. **Earned Gold Compass Badge & Tracked Partner Hop Links:** When your church publishes 10 or more minutes of preaching on the 508 media network and records it in your media tab, your website footer unlocks the Gold Compass badge linked through your church's tracked hop links (20% to 25% share of digital product margin).

Your Cost on the Mission Track: Nothing ($0.00 Gift Build & Donated Hosting)

Because Revealed Gospel Ministries serves in Malawi, 508 Ministry provides all six deliverables above as an outright gift and donates ongoing hosting on our dedicated private studio infrastructure. You keep complete ownership of your domain, leadership, sermons, and documents. There is no invoice, no renewal fee, and no catch.

Why we are serving your church (honestly): We build for under-resourced churches because you carry the Gospel where we cannot, and your finished listing, elders' profiles, and rebuilt website show well-resourced churches what partnering with 508 Ministry makes possible.

Real Mission Track proof: Revealed Gospel Ministries community outreach in Mzimba North, Malawi.

Served-church proof: RGM Malawi verified listing, rebuilt staging site, broadcast episode, and 5 elder profiles.

2. Safe Staging Path, Backups & Hosting Security

Four stages tracked per church: `Not Started` → `Staging Built` → `Elder Approved` → `Live`.

Hosting access safeguard: Never send a password in email or chat. Submit registrar delegate access or guided DNS details only through `https://508ministry.com/partner-churches/upgrade-offer/hosting-handoff/?ref=GD-261123-778D2F`. Access is encrypted at rest and restricted solely to your church.

Zero destruction guarantee: Archived safely outside any public web folder before any change.

3. Gold Compass Footer Badge & Partner Hop Links

Gold Compass (earned only): Appears on your upgraded website footer only after **10 minutes of preaching** is published on the 508 media network and recorded in your media tab. Before that, no badge or placeholder renders.

Tracked Partner Hop Links (25% digital margin share): Every Bible, book, comic, or guide link carries your church identifier (`508265778`). Configurable range: 20% to 25% (default 20%). 508 Ministry net product margin on digital goods (Bibles, books, guides, courses, and media). Never a payment for referrals or donated physical items.
